MOVE UPDATE

DELIVER MAIL FAST,
ACCURATELY AND SAVE
MONEY

Reduce undeliverable mail with Move Update
to stay connected with clients and prospects.

ACCURATE

Our financial service clients can adhere to SEC guidelines. CMS' Move Update technology enables us to correct addresses *before* your mail is delivered to the USPS®. We automatically generate new labels and place them on your mail so it gets where it needs to go without changing your electronic mail files.

COST EFFECTIVE

Save almost 50% in postage on your undeliverable mail. Move Update allows CMS to process address changes at our automated presort rate rather than as full rate first class mail. That can mean big savings for your business.

FAST

No processing disruptions or delays. We ensure your flat mail addresses are accurate so you do not have to worry about returns or sending mail a second time.
